ROBERT VEITCH & SON,

IMPORTERS, GROWERS AND DEALERS IN

SEEDS, PLANTS, BULBS AND FLOWERS

974 CHAPEL STREET,

NEW HAVEN, CONN.

NOTICE.

Though we thoroughly test our seeds before sending them out, many seeds of the best possible quality will fail through improper treatment. More failures result from this than from any other cause. The necessary conditions are, a proper temperature, sufficient moisture, and free access of air; if the surface of the soil gets baked by heavy rains it will be impossible for the young seedling plants to force their way through, and the Seedsman is blamed in consequence. For these reasons we explicitly state *that while we exercise the greatest care to have all seeds pure and reliable, we do not give any warranty expressed or implied.*

If the purchaser does not accept the seeds on these conditions they must be returned at once.

SEEDS BY MAIL.—All seed, in packages and by the ounce, will be sent by mail at Catalogue prices, postage prepaid, but seeds by the pound *require an extra payment of eight cents per pound.* — *Corn, peas and beans required an extra payment of fifteen cents per quart to prepay postage.*

PLANTS BY MAIL.—All plants will be sent by Mail, postage prepaid, at the prices quoted for single plants, *but at dozen rates ten per cent. addition* to the price must be sent to prepay postage.

No charge for baskets, boxes, or packing on any order exceeding \$1.00 in value. Bags charged at cost price, and credited on account if returned in good condition within thirty days after date of purchase.

All orders from unknown correspondents must be accompanied with a remittance or satisfactory reference. To regular customers accounts are payable July 1, 1894.

NOVELTIES IN SEEDS

And other Varieties of Recent Introduction.

BEANS, BURPEE'S BUSH LIMA. This is a true large Lima. The beans are large, pods full, very abundant bearer, and of very dwarf habit. Per $\frac{1}{2}$ pt. 20c., qt. 70c.

CORN, COUNTRY GENTLEMAN. An improved large variety of the "Ne plus ultra." Without doubt this is the sweetest and finest flavored of all Sweet Corn. Per ear 5c., per doz. 50c.

CUCUMBER, EVERGREEN WHITE SPINE. The most regular type of White Spine, also retains the bright green color longer than any other variety. Pkt. 05c., oz. 10.

LETTUCE, DENVER MARKET. An early variety for forcing or open culture, large solid heads, very crisp and tender. Pkt. 5c., oz. 15c.

LETTUCE, WHITE CHAVIGNE. A new French sort that is recommended as the finest hard heading summer variety. The heads are remarkably solid and retain their crispness even under the hottest weather. Pkt. 5c., oz. 20c.

MUSK MELON, PINE APPLE, RED FLESHED. One of the earliest and highest flavored of the early forcing varieties. Per pkt. 10c., oz. 25c.

MUSK MELON, PRESCOTT. A small early frame sort, with deep orange flesh, delicious flavor. Pkt. 10c.

MUSK MELON, NOIR DES CARMES. A new French variety that is recommended as the earliest Melon in culture. Per pkt. 15c.

ONION, PRIZE TAKER. An improvement on the large Spanish Onions, the roots are very large, of a bright straw color, the flesh is pure white, very tender and delicate flavor. Per pkt. 10c., oz. 30c.

ONION, WHITE PEARL. A medium sized pure white variety, of perfect globular shape, very early, solid and good keeping quality. Pkt. 10c., oz. 45c.

TOMATO, ARISTOCRAT. This variety is almost erect in habit, strong stems, the fruit is perfectly round, smooth and very solid. An abundant bearer and one of the earliest. Pkt. 15c.

TOMATO, BUCKEYE STATE. A decided improvement on the Ponderosa, very large, smooth and solid, the heaviest Tomato in existence, very sturdy growth and an abundant bearer. Pkt. 10c.

ASTER, QUEEN OF THE EARLIEST. Very early and dwarf with long flower stems, the best for early forcing. Per pkt. 10c.

PETUNIA, SUPERBISSIMA. The largest flowered class, including several new shades of color. Per pkt. 25c.

RICINUS ZANZIBARIENSIS. This new variety of Castor Bean produces gigantic leaves, very much divided, and added to the immense size of the plant and varied colors of the veins, produces a gorgeous effect. Pkt. 25c.

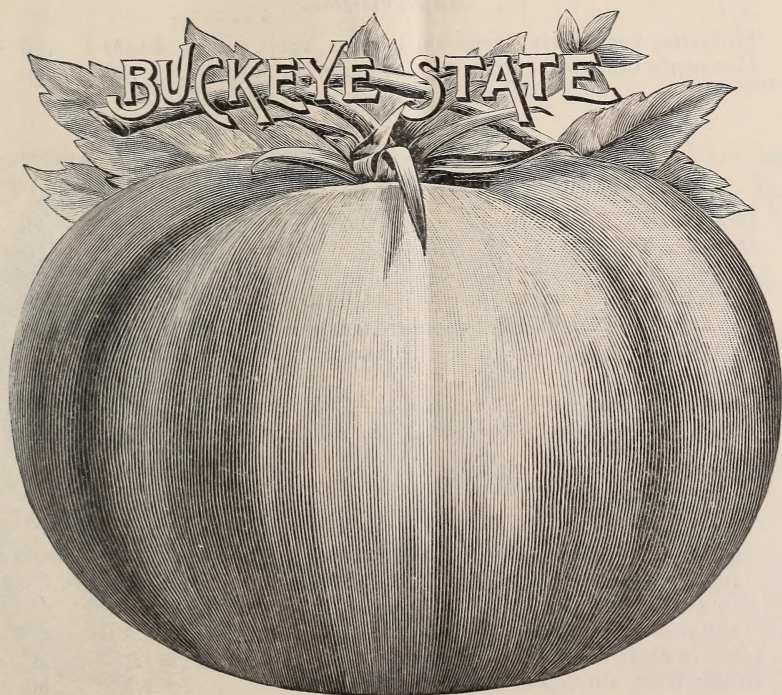

SWEET PEA, BRONZE KING. In this new sort we have the nearest approach to bronze color yet attained, the standards are distinct coppery bronze, the wings pure white. Per pkt. 25c.

SWEET PEA, CAPTAIN OF THE BLUES. An extra large flowered variety, bright purple, with clear blue wings. Per pkt. 15c.

SWEET PEA, MRS. SANKEY. Purest white, most perfect form and very profuse bloomer. Pkt. 15c.

Petunia superbissima.

VEGETABLE SEEDS.

EDWIN SLOCOMBE.

Chrysanthemum, Edwin Slocombe. A seedling from Mrs. C. W. Wheeler, originated in New Haven that without doubt is the very finest in its class. The flowers are about ten inches in diameter, very deep and full, with petals fully one inch in diameter. The color is a deep bronze crimson, with golden markings, and the keeping quality is surpassed by none. Last autumn the plants produced perfect flowers from the middle of October to December.

25c. each, \$2.00 per doz. *net.*

MRS. J. H. SLOCOMBE.

Chrysanthemum, Mrs. J. H. Slocombe. Another new variety of New Haven origin. The color is a beautiful creamy white, with long wavy petals, and when in full bloom is a most exquisite flower. The compact bloom exceeds eight inches in diameter and when fully developed is much larger. This is a very striking variety and in a collection of the finest exhibition sorts has always secured marked recognition. The keeping quality of the flower is remarkable, and the blooming period extends from early in November till after Christmas. 25c. each, \$2.00 per dozen, net.
